Major: Criminal Justice; Minor: Psychology |

WORK EXPERIENCE

9/17–present **Senior Research Associate**
NPC Research
Portland, OR

Responsibilities: Works with funders and clients to evaluate the implementation and outcomes of services and programs to inform program improvements and larger policies. Responsible for all aspects of research and program evaluation, including evaluation design and methodology, data management and analysis, presentations and report writing, technical assistance provision, staff oversight and coordination, and overall project management. Directs treatment court evaluation projects, permanent supportive housing interventions, substance use prevention, treatment, and policy analysis, and child abuse prevention and intervention efforts.

Current projects include:

Evaluation of Pay for Success Permanent Supportive Housing Program
This project involves collection and analysis of administrative data to measure outcomes associated with the housing program. Administrative data including cost estimates will be collected from multiple agencies to measure program impact on public service utilization. An efficiency analysis will be conducted to measure change in public service costs incurred by the program participants.

Heroin and Prescription Drug Overdose Data Driven Prevention Initiative

Contracted by the State of Alaska to execute the policy evaluation component of project funded by the Centers for Disease Control and Prevention. This research project involves a policy analysis and evaluation focusing on the implementation and outcomes of Alaska's Prescription Drug Monitoring Program, Controlled Substances Act scheduling process, and Good Samaritan Act. The goal of this research project is to inform the state of the strengths and weaknesses of key statutes involving prescription opiates and heroin.

Treatment court evaluations: A longitudinal study of outcomes in a multi-track (high-risk/high-need and high-risk/low-need) DUI court in San Joaquin, CA. A statewide process, outcome, and cost evaluation of adult drug, veteran's, DUI, and mental health courts in Pennsylvania. A process and outcome evaluation of recently implemented tribal wellness court in Kenai, AK. Process evaluations of Palmer FIT Court and Anchorage Children In Need of Aid Family Court. A process, outcome, and cost evaluation of enhancements associated with a family treatment court in Clark County, WA. A process, outcome, and cost evaluation of an adult residential drug offender sentencing alternative drug court in Clark County, WA.

2007–2017

Justice Center, University of Alaska Anchorage.

Professor, May 2017-July 2017

Associate Professor, May 2011-April 2017

Undergraduate Program Coordinator, Justice B.A., 2012-2017

Courses taught: Introduction to Justice, Introduction to Research Methods, Criminology/Crime and Delinquency, Substance Use and Crime, Criminal Mind, Research and Policy Making, Biobehavioral Criminology, Interdisciplinary Exploration of Alaska's Critical Behavioral Health Issues, and Individual Research.

2001–2007

Assistant Professor, Criminology & Criminal Justice, Southern Oregon University.

Courses taught: Crime Control Theories and Policies, Theories of Criminal Behavior, Penology and Corrections, Practicum Internship, Capstone Research, Introduction to Criminology, American Criminal Justice System, Seminar: Criminal Mind, Seminar: Mythology of Crime and Criminal Justice, and Seminar: Elite Deviance

Chair, Criminology & Criminal Justice Department, 2006–2007

2000–2001

Teaching Associate, Criminology Department, Indiana University of Pennsylvania.

Responsibilities: Prepared and instructed lower and upper-division criminology courses.

1997–1998

College Instructor, Criminal Justice Department, New Mexico State University.

Responsibilities: Prepared and instructed lower-division criminal justice courses.
